Subject: Scheme for the Reduction of Annual Rental Values Payable by Voluntary Organisations and Trade Unions Holding a Title on Government Property Administered by the Lands Authority

The Lands Authority is pleased to announce the imminent launch of a new rent reduction scheme aimed at supporting Voluntary Organisations and Trade Unions holding a title on Government property.

This initiative reflects the Government's continued commitment to strengthening the voluntary sector and social partners by alleviating financial burdens and enabling organisations to focus more of their resources on their core social and community contributions.

The scheme will be open for a period of six (6) months from the date of publication. Reductions will be structured across three bands - small, medium, and large properties - with further details to be provided in the official scheme document.

Eligible Voluntary Organisations and Trade Unions are strongly encouraged to submit their GLA31 applications through the Lands Authority's online portal at the earliest opportunity once the scheme opens, to take full advantage of this benefit within the established timeframe.

For further guidance or assistance, applicants may contact the Lands Authority's Customer Care Department on customercare.la@landsauthority.org.mt or on +356 2122 4016 / +356 2295 3000.

Thank you.
